

I was surprised when I learned from my parents living in Florida that your station (Owned by Sinclair Broadcasting) is to air an anti-Kerry film just a few days before the election.

I hope(but doubt) they will air an anti-Bush film to balance the scales.

Who's airwaves are they using?? Did they pay for this privilege?? Do they represent the views of all their viewers?? Are you helping them to undermine free speech or are you working for the people?

We're watching you. Don't let us down here.

Thank You.

Anthony St. John
